Wounded and Ill

14 NURSES ON BOARD

nadian Medical Officer Rough-
ly Handled By Huns

VESSEL WAS BRIGHTLY LIGHTED

All Engine Room Men Killed At
Posts and Vessel Rushed On
Till Water Stopped It

London, England, July 1.—One
of the boats of the hospital ship
Llandover Castle, containing 12
nursing sisters, was seen to cap-
size, according to latest informa-
tion. The sisters were drowned.

London, England, July 1.—A
German submarine 70 miles from
the British coast on the night of
June 27, torpedoed the 11,000
ton hospital ship, Llandover
Castle, which had been chartered
by the Canadian government and
had been in the service of carry-
ing wounded and sick from Eng-
land to Canada for many months
past. The ship was then on her
way to England. She had on
board 253 persons, including 80
of the Canadian army medical
corps and 14 female nurses.

Hun Said She Carried U. S. Officers

The submarine commander, who
spoke to the captain of the Llandover
Castle, several of his men and Major
Lyon of the medical corps aboard,
declared that he had sunk the ship
because she was carrying American
sitting officers and others in the
sinking service of the Allies. He
added to this later by asserting that
the vessel was carrying munition
stores, because of an explosion which
had occurred aft.

All lights were burning when
the ship was torpedoed. These included
a huge electric cross over the bridge
and strings of white and green lights
on either side. The red crosses on the
side of the vessel also were illumi-
nated by electric lights.

It is assumed that the 14 nursing
sisters reached a lifeboat, but so far
as is known, there was no trace of
them after the ship sank.

According to Red Cross informa-
tion, many were killed in the engine
room. There is hardly any doubt of
this, as there was no response to Cap-
tain Sylvester's signal from the bridge
after the torpedo struck.

As the engine men were either
killed or left their posts, there was
no one to shut off the power and the
ship kept on her way, despite the
great hole torn by the torpedo. It
soon began to slow down until the
water rushed into the boiler room,
extinguishing the fire.

This added to the confusion in
launching the lifeboats. There was
to panic, however, and by the time
the Llandover Castle lost her mo-
mentum, most of the boats were over
the side. Those above deck began
climbing into them in good order, but
many were unable to reach the boats
and the ship was sinking rapidly.
They jumped into the sea, and a few
of them were picked up.

Germans Threaten Medical Officer

On coming to information received
by the Canadian Red Cross here, Major
Lyon, from the Llandover Castle,
was forced to stand in the coming
front, despite an injured foot, while
the German submarine officers ques-
tioned him. The Germans insisted
that Major Lyon was an aviation of-
ficer, despite the officer's strenuous
denial. The Germans even threaten-
ed to shoot Major Lyon, contending
that he was an officer of the fighting
units, not a medical officer.

The admiralty report on the sink-
ing describes the cruel treatment of
Major Lyon and declares that the
submarine, after sinking the vessel,
sailed an unknown target, which it
indicates might have been the miss-
ing boats.

The captain's boat, containing the
survivors, was picked up by the de-
stroyer Lyander, the commander of

which has reported that he found no
trace of the remaining five boats.

The admiralty statement on the
sinking of the hospital ship in part
follows:

"Germany's awful debt to the
world continues to grow. Another
hospital ship has been torpedoed,
this time 70 miles from the nearest
land, and her people turned adrift in
their boats to sink or swim as best
they might.

"The tale of crime reveals wanton
deliberation on the part of the sub-
marine commander and also suggests
the hope on his part that he would
find her full of injured and helpless
people.

14 Female Nurses Aboard

"The Llandover Castle had on
board a total of 253 persons, includ-
ing 80 Canadian Army Medical corps
men and 14 female nurses. One boat
containing 24 survivors has reached
port so far.

"It was during the night of June
27, toward 10:30, that the crime oc-
curred. The vessel showed the usual
navigation and regulation hospital
ship lights. She could not have been
mistaken for anything but what she
was—a ship immune by every law of
war and peace from attack or molesta-
tion.

"The first indication of the pres-
ence of a submarine was a jar and
the roar of an explosion from aft.
Then the lights went out.

"All that followed, save when a
dim light was obtained from an emer-
gency dynamo, just before the ship
foundered, took place in the darkness.
The engines were signalled once to
stop, then full speed astern, but from
the engine room came no answer.

"The rehearsed routine of the ship,
however, helped and along the
darkened deck the crew groped to
the boat stations and stood by for or-
ders to leave her.

"The wireless operator was trying
in vain to transmit the ship's position.
His key gave no response; the spark
was gone.

"The carpenter reported that No. 4
hold aft was blown in and that the
vessel could not remain afloat. The
order was given to abandon the ship.

"Save for any of the ship's com-
pany or the engine room crew who
may have been killed by the explo-
sion of the torpedo, it is clear that
everyone got away.

Shots Fired at Row Boat

"The submarine hailed one of the
boats in English, 'Come alongside'
it ordered.

"The boat was put down to pick
up a wounded man. The second of-
ficer stood up and shouted back: 'We
are picking up a man from the water.'

"Come alongside," repeated the
voice from the submarine.

President Favors Control of Wire and Phone Lines

Washington, D. C., July 1.—Legisla-
tion to authorize government control
and operation of telegraph and tele-
phone systems was approved by Pres-
ident Wilson and leaders at the cap-
itol prepared for its immediate consid-
eration with a view to action if pos-
sible before the congressional recess
this week.

Secretaries Baker and Daniels and
Postmaster General Burleson, all of
whom have endorsed the pending bill
by Representative Aswell of Louisi-
ana, proposing this authority, were
invited to appear tomorrow before
the House Interstate Commerce com-
mittee to further explain their views
as to the necessity for action at this
time. It was in response to a letter
from Representative Sims of Tennes-
see, chairman of the committee, that
the President and cabinet officers gave
an expression of opinion.

The President's statement was in
a note to Chairman Sims approving

CONVICTED OF SEDITION

New York, July 1.—Stephen Ban-
der, a huncher who wrote "Life,
Light and Truth," a book alleged by
the government to contain seditious
utterances, was convicted of violating
the espionage act in the federal court
here tonight. A jury found him
guilty of attempting to cause mutiny
and disloyalty among the naval and
military forces of the country, and
making false statements intended to
interfere with the nation's war prepa-
rations.

NEW URGENT DEFICIENCY BILL

Washington, D. C., July 1.—A new
urgent deficiency bill, carrying nearly
\$1,000,000,000, including \$700,000,000
for clothing for the army, was passed
today by the house soon after it was
reported by the appropriations com-
mittee. It is the last of the big sup-
ply measures and now goes to the
senate.

The large sum for clothing was
made necessary because no provision
was made for it in the \$12,000,000,000
army appropriation bill.

"The boat held on its way and
forthwith two revolver shots were
fired over it.

"Come along side. I will shoot
with my big gun," shouted the sub-
marine commander. The boat lay
alongside the submarine and the cap-
tain was ordered on board. He was
then taken to the conning tower of the
submarine where two officers awaited
him.

"The commander asked him sharp-
ly: 'What ship is that?'

"It is the hospital ship Llandover
Castle," answered the captain.

"Yes—the commander did not at-
tempt to appear surprised—but you
are carrying eight American flight
officers."

"We are not," replied the captain.
We have seven Canadian medical
officers on board. The ship was
chartered by the Canadian govern-
ment to carry sick and wounded
Canadians from England to Canada."

"The commander then demanded
if there were any Canadian medical
officers in the boat and he was told
there was one. He ordered him to
come aboard.

Medical Captain Handled Roughly

"Where are your other boats?"
asked the captain. The submarine
commander did not answer. He was
watching the Canadian medical officer
being roughly hauled on board and
thrust along the deck. This was done
so violently and with such plain in-
tention to injure the Canadian, Major
T. Lyon of the Canadian army medi-
cal corps, that he actually had a
small bone in his foot broken by the
handling he received.

"Major Lyon was interrogated after
protesting as a medical officer and
ordered back into the boat. The
captain also was ordered to go. The
boat was cast off and pulled away
from the submarine.

"The submarine began to circle
round the wreckage at full speed.
Several times it shaved the boat nar-
rowly, once swirling past within two
feet of it; once it stopped and again
took the second and fourth officers
aboard and questioned them.

"But this time the submarine com-
mander invented a new excuse. He
stated that there was a big explosion
aft as the vessel sank and that there-
fore she must have been carrying
munitions. The second officer ex-
plained that this was the explosion of
the boiler. They were allowed to re-
turn to the boat.

"The submarine then moved off ac-
cording to the captain's official state-
ments, opened fire at unseen targets,
firing about 12 shells.

"It is perhaps too early yet to guess
what the unseen target may have
been. Possibly the other boats when
they are picked up can furnish evi-
dence on that point."

Air Reprisals on Hun Cities Frighten People

Geneva, Switzerland, July 1.—
South German newspapers, in or-
der to reassure the nervous and
angered population of towns along
the Rhine attempt to explain
away, as unimportant, the aerial
bombardment of Mannheim on
Saturday morning. It was really
the most terrible raid on a German
town during the war. The Ger-
mans officially announced that five
were killed and 14 were wounded,
but the figures could be quadrupled.
Several victims were un-
fortunately allied officers who, dis-
daining shelter, cheered the Allied
aviators.

The residents of Mannheim also
were chagrined in witnessing five
or six German machines running
away from the British. Three of
them were brought down in flames
near the town. The Badische An-
line and Soda factory, upon which
bombs fell, blazed for many hours.
One of the largest banks was
wrecked, its office furniture being
blown into the principal street of
the city. The population, already
nervous before the raid, is now
panic stricken.

In the meantime, exodus from
Rhine towns continues.

NAVY SPEEDS BUILDING 48 REMAINING VESSELS

Battle Cruisers and Super-Dread-
naughts Have Been Hindered
By Other Work

Washington, D. C., July 1.—Steps
to expedite as much as possible the
construction of the remaining 48 ves-
sels, including battle cruisers and su-
per-dreadnaughts of the 156 author-
ized in the three-year naval building
program approved by congress two
years ago already have been taken by
the navy department.

This was disclosed tonight by Sec-
retary Daniels in a statement review-
ing the provision of the \$1,600,000,000
naval appropriation bill recently passed
by congress and to which President
Wilson today attached his signature.

"The bill," said the secretary,
"makes it obligatory to begin con-
struction of all of the 48 of the 156
comprising the three-year program
authorized in the act, of August 29,
1916, the construction of which has
not previously specifically been direct-
ed in the early execution of this program
and have regretted that lack of facili-
ties, due to the big demand for de-
stroyers, transports and cargo ships,
rendered it necessary to somewhat
abate the fine progress that was being
made. However, I requested that the
act be worked in the mandatory way
for it is my earnest desire and ex-
pectation to carry it out and I have
already taken steps to expedite con-
struction as much as possible.

"Money is not only provided for
completing the bit three-year pro-
gram but an additional \$100,000,000
is made available for additional tor-
pedo boat destroyers, submarine chas-
ers and other naval craft as the ex-
igency of the war may make neces-
sary."

"The country, congress and the
navy are all due congratulations,"
Mr. Daniels said in his statement.
"The country and the navy, because
of this manifest endorsement of the
navy and its achievements, and con-
gress because of his wisdom in pre-
viously voting money and enacting ne-
cessary laws to enable the navy to at-
tain that degree of efficiency which
warranted such a degree of confidence
that every dollar for which a need
was appropriated, had been included
in this bill.

"Perhaps the outstanding feature
of the bill is the permanent increase
in the enlisted strength of the navy
from 10,000 to 121,455 men. Many
new ships have been permanently
added to the fleet and many more
will be commissioned in 1919, and
this increase in personnel is to pro-
vide the officers and crews for these
permanent additions.

DOWN HIS NINTH GOTH.

(By the Associated Press.)
With the American Army in
France, July 1.—First Lieutenant
David E. Putnam of Brookline,
Mass., a member of an American pur-
sue squadron, brought down a Ger-
man biplane near Reghainville, north
of Toul last night. This is the ninth
enemy machine officially credited to
Lieutenant Putnam.

TO CUT DOWN COAL WASTE

Washington, D. C., July 1.—Ad-
ministrative engineers to conduct the
campaign of the fuel administration to
cut down the waste of coal in power
plants have been named as follows:
For New England, W. R. C. Carson,
Hartford, Conn.; for New York state,
Edward N. Trump, New York; for
western Pennsylvania, Thomas R.
Brown, Pittsburgh.

TWO NEW CUBAN HOLIDAYS

Havana, Cuba, July 1.—In both the
senate and house this afternoon a
resolution was adopted declaring
July 4, American Independence day,
and July 14, the anniversary of the
fall of the Bastille in France, Cuban
national holidays. Ten thousand dol-
lars was appropriated to be expend-
ed in celebrating the new "feasts"

NO LIQUOR TO SOLDIERS

Washington, D. C., July 1.—Fur-
nishing of liquor to officers and men
of the army within private homes is
prohibited under new regulations for-
mulated by President Wilson and Sec-
retary Baker, and made public tonight
by the commission on training camp
activities. Dry zones around every
camp where as many as 250 men are
stationed for more than 30 days also
are established.

FORMALLY CALL G. O. P. MEETING

Principles and Purposes of Party
Will Be Formulated; No
Candidates Named

AT SARATOGA JULY 18

County Committees Will Choose
Delegates; Assembly Distr.cts
to Be Represented

New York, July 1.—After voting
down 111 to 59 a plan to hold the
Republican state gathering at Sara-
toga Springs as a "town meeting,"
the Republican State committee to-
day issued a call for a formal state
convention in that city for July 18.

This was in accordance with the
plan agreed upon yesterday at the
conference between the Granger sub-
committee of the state committee and
Senators Wadsworth and Calder to
harmonize the differences between
followers of Gov. Whitman and his
gubernatorial opponent, Merton E.
Lewis, as to the manner in which the
gathering should be held.

The call issued today provides for
the formulation of the principles and
purposes of the party at the conven-
tion, but it is stipulated that the con-
vention shall not recommend candi-
dates for state officers. County com-
mittees will choose the delegates and
alternate delegate, the method of
choosing being left to the committee.

Assembly districts will also be en-
titled to representation and invitation is ex-
tended to all enrolled Republican vot-
ers to attend as well as others who
endorse the policies of the party.

Although Senators Wadsworth and
Calder at yesterday's conference with-
drew their call for the "town meet-
ing," the proposal was revived at
the state committee meeting today
by Leslie Sutherland of Yonkers,
when he introduced an amendment
providing for the "town meeting"
idea. This was rejected after spirited
discussion and wrangling between
Whitman and Lewis supporters, and
then the resolution for the call for a
convention, introduced by Norman J.
Gould of Seneca was passed viva
voce, with a few nays.

A resolution also was adopted that
the Granger sub-committee be con-
tinued for the purpose of recommend-
ing a chairman of the convention.

The call, addressed to the "Republi-
can voters of the state of New York,"
follows:

Lewis and Whitman Men Wrangle.
The method pursued in obtaining
an abandonment of the original pro-
gram and the substitute therefore was
attacked by the Lewis men, whose
belief it had been that a strictly party
"conference" without recourse to a
state-wide primary would save of the
"old days" and cost the party many
votes. They also contended that
60,000 new women voters in the state
would be disregarded, if the state
committee's plan was followed.

The Whitman adherents insisted
that the wishes of the women, as to
their choice of a nominee, would not
be ignored, pointing out that this ob-
jection was met by the paragraph of
the call which recommended that "so
far as possible the delegates and al-
ternates be chosen from the enrolled
Republican male and female voters
in proportion to their respective en-
rollment."

In the discussion, Theodore Douglas
Robinson, campaign manager for
Lewis, accused Chairman George A.
Glynn of the State committee of "un-
intentional misrepresentation." State
Senator Henry M. Sage of Albany ve-
hemently deprecated the action of the
State committee and spoke of "steam
roller" tactics, and Committeemen
Sutherland also denounced what he
said savored of "autocracy" within
the party.

"I believe we have made a serious
error," said Senator Sage, "and if we
don't look to the future we are going
to be a minority party in this state
as well as in the nation."

The Whitman forces, led by Fred-
erick A. Granger of Erie county, chair-
man of the sub-committee that con-
ferred yesterday with Wadsworth and
Calder, declared that there was am-
ple time to hold primaries and elect
the 1919 delegates and 599 alternates
to the convention and that the re-
publican county committees were
worthy of the confidence of the re-
publican electorate. They denied im-
portuning either of the two senators
to rescind their call for the "town
meeting" and said their action "came
like a bolt out of a clear sky."

SINGLE TAXERS IN STATE RING

New York, July 1.—Entrance into
state politics of the single tax party
was announced here today when the
state committee, issuing a call for a
state convention at Albany July 29,
and 31, declared that a full sheet
will be put into the field for the fall
election.

A roll of at least 25,000 votes
throughout the state was predicted
by the committee.

TILMAN IS UNCONSCIOUS

Washington, D. C., July 1.—No im-
provement was reported tonight in the
condition of Senator Tillman of South
Carolina, chairman of the naval
affairs committee and veteran Demo-
cratic leader of the senate. Efforts
to restore the senator to conscious-
ness have failed and those at the bed-
side said they entertained little hope
for his recovery.

Germany Getting Food in Quantity From Dutch

Washington, D. C., July 1.—Of-
ficial announcement from The
Hague that the Netherlands govern-
ment had agreed to export certain
quantities to the belligerent na-
tions, brought the disclosure to-
day of the fact that the United
States government had information
of Holland's intention to export
20,000 tons of potatoes to Ger-
many.

Officials here believe that in ex-
pressing a willingness to export po-
tatoes to each of the belligerents,
Holland is undertaking to disguise
her intention to supply large quan-
tities of much needed food to Ger-
many alone.

To furnish Germany anything
like 50,000 tons of potatoes, Hol-
land, it was said today, not only
would be violating an agreement
with Great Britain, but also prob-
ably would be imperiling her food
agreement with the United States.

Holland's willingness to give this
great amount of food occasioned
surprise among officials, in view of
recent famine in that country,
which was narrowly averted by
prompt action of the American
government in shipping grain and
other foodstuffs.

TAKE EXCESS PROFITS FROM FLOUR MILLERS

Firms Under Charges By Trade
Commission Must Give Flour
to Government

Washington, D. C., July 1.—Flour
millers who made excess profits dur-
ing the last fiscal year, as charged by
the federal trade commission in its
report Saturday to the senate, must
return the amount of such profits to
the government, in the form of milled
flour, under regulations made public
today by Food Administrator Hoover.

The federal trade commission
charged that the millers had made a
profit of 45 cents a barrel on flour,
despite the food administration's re-
gulations limiting the differential to 25
cents. It develops that the commis-
sion's report was anticipated, as the
administration's regulation was sent
out last June 17.

Millers whose profits at the close
of the fiscal year June 30 are in ex-
cess of the minimum permitted, are
required to credit the amount of the
excess to the food administration to be
liquidated by flour to be sold to
the army, navy, marine corps and
the food administration's grain cor-
poration in New York at \$1 a barrel.

The millers' books will be balanced
as of June 30 and again as of July 1,
to show the amount of excess profits.

BADLY MAULED BY "TAME" LION

Woman May Lose Right Arm Fol-
lowing Attack by Animal She
Had Purchased

New York, July 1.—Mauled and
bitten by a lion she had just purchas-
ed, Margaret Gresham, an animal
tamer, may lose her right arm, sur-
geons declared tonight at a hospital
where she was taken after the beast
attacked her here today.

Miss Gresham bought three lions
from Edward Scheil, an exhibitor, and
with him entered their cage for the
first time today. In a moment of
carelessness she turned her back on
Julius, the largest of the animals. He
sprang at her, burying his teeth in
her arm and tearing the muscles from
the bone. The beast had borne the
woman unconscious to the floor be-
fore Scheil was able to beat him off
and drag her from the cage.

11 JURORS FOR O'LEARY TRIAL

Selection of Panel Will Be Completed
Tomorrow to Try John J. O'Leary.

New York, July 1.—At the close of
today's session, eleven jurors had
been selected for the second trial in
the federal court of John J. O'Leary,
a New York lawyer charged with
having aided his brother, Jeremiah A.
O'Leary, the Sinn Fein leader, to
escape to the west just before he was
to be tried for the publication of al-
leged seditious articles in The Bull-
an anti-British paper.

Counsel for the defense used four
of its challenges, while Earl E.
Barnes, assistant United States dis-
trict attorney used three. It was
indicated that the selection of the
jury would be completed tomorrow
morning.

WILL INCREASE WHEAT PRICE

Washington, D. C., July 1.—The sen-
ate today, by an overwhelming majori-
ty, refused to yield to house opposi-
tion to an increase in the govern-
ment's minimum guarantee for wheat
to \$2.53 per bushel. A motion of
Majority Leader Martin, proposing to
instruct the senate conferees to aban-
don the senate price increase amend-
ment to annual agricultural bill was
defeated, 45 to 19.

NO BAIL FOR "RUSSELLITES"

New York, July 1.—The federal
court refused today to admit to bail,
pending an appeal, the four follow-
ers of "Pastor" Russell, who were
recently sentenced to 20 years impris-
onment for opposing the war policies
of the government.

FRENCH ADVANCE ON THE MARNE

Berlin Claims 191,454 Unwound-
ed Allied Prisoners Taken
Since March 21

London, England, July 1.—
Twenty-two German airplanes
were shot down, ten were driven
down out of control and two Ger-
man balloons were destroyed dur-
ing the air fighting on Sunday,
according to an official statement
on aerial operations issued by the
war office tonight.

(By the Associated Press.)
Success has apparently crown-
ed the offensive of the Italians in
the mountains north of the Vene-
tian plains. Launched on Satur-
day, the attacks on the Austrian
lines have gained rugged heights
where the enemy was strongly
entrenched, and the fighting is
still going on. Vienna admits a
retirement to "prepared posi-
tions," which is the expression
used in official statements to mean
that an enemy blow has gained
important ground.

After three days of struggling
in the mountains, the Italians are
still hammering hard at the most
powerful positions of the enemy.
They have not only gained
ground, but they have held it
against desperate counter attacks
by the Austro-Hungarian forces,
which were mowed down by artil-
lery fire and completely checked
by the Italian infantry.

Enemy Pushed From High Ground

Detail maps of the area in which
the fighting is going on do not show
distinctly some of the places men-
tioned in the official statement. The
Vienna admission that the new Aus-
trian line runs through Stemple
Wood" is therefore, "without signifi-
cance, but as the positions held by
the Austrians before the Italian at-
tack," began were above the forest line,
it would seem that the enemy has
been ousted from the higher ground
he formerly held, and has been placed
at a disadvantage in the fighting to
come.

FINANCIAL AND COMMERCIAL

The New York Market.

New York, July 1.—Speculative interests attached more than passing importance today to the "proteger" charges of the federal trade commission, persistent offerings, especially of the stocks comprising the several war groups, causing recessions of 2 to 4 points. Other domestic happenings such as additional adverse railroad earnings and the President's approval of a congressional measure to take over all wire lines of communication provoked moderate liquidation of rails and other investment shares.

These developments were only partly neutralized by further encouraging war bulletins and last Saturday's tremendous gain in bank reserves. Call loans were distinctly easier, but the supply of time funds was reduced by very large interests and dividend requirements. The market was unsettled from the outset, United States steel being the center of several bearish drives at an extreme reaction of 3%. Selling was especially heavy at the active close, other industrials and equipments forfeiting 2 to 3 points.

Shippings, oils, motors, coppers, tobaccos, leathers and various miscellaneous issues, which are known to have massed large war profits were carried down in the final dealings and standard rails recorded net losses of 1 to 1 1/2 points. Sales amounted to 460,000 shares.

Bonds were irregular, Liberty issues yielding with foreign war donations. Total sales (par value) aggregated \$4,575,000. United States bonds (old issues) were unchanged on call.

RAISE GARDEN STUFF

Red Cross Establishes Truck Farms in France.

Supplies Recreation and Employment to Convalescents and Increases Food Supply.

Paris.—With a view to supplying recreation and employment to convalescents, and incidentally increasing the food supply, the American Red Cross has established ten truck farms in connection with base hospitals in France where, under trained supervision, the convalescents are raising vegetables for consumption in the hospitals. The number of farms will be increased during the year, the American Red Cross supplying seed, implements and trained supervision, as well as money for operating expenses.

At one place, where there are three base hospitals together, a farm of 100 acres is now under cultivation, though the average farm is about eight acres. Two of the larger farms are equipped with tractors. For the most part, however, the work is hand labor, that the convalescents may profit to the utmost from the outdoor exercise.

Owing to climate conditions gardening is an all-the-year-round occupation in France and is carried on in a most intensive way, with every inch of ground under cultivation and rows between rows, as, for instance, cabbages between rows of potatoes. When plants are removed in the morning the ground is worked over during the day and by night the soil is again at work on freshly sown seed. No charge is made the hospitals for the produce, but accounts are kept and it is expected to show that the farms more than pay for the cost of operation.

Through these gardens many French soldiers will have their first taste of the great American delicacy, "corn on the cob." A greater use of a variety of vegetables is made in France than in America and the Red Cross is supplying seed for beans, beets, cabbage, cauliflower, brussels sprouts, carrots, celery, Swiss chard, chicory, corn, cucumbers, leeks, lettuce, melons, mache salad, onions, parsley, peas, potatoes, pumpkins, radishes, spinach, squash, tomatoes, turnips, cress, fennel and sorrel. A large amount of the last is used both as a boiled vegetable and in making soup.

"O. K." ON PARK SPOONING

Cleveland Chief of Police Will Not Bother Lovers in the Public Parks.

Cleveland, O.—If the cops in your town won't let you spoon in the parks, come over to Cleveland. It is all fixed here and Cupid has the key to all park gates.

Cupid (that is, Chief of Police Smith) says police will not bother lovers in Cleveland parks if they do not annoy other park visitors. Rowdies and others will not be allowed to "spot" them with flashlight or embarrass them in any other way. Smith orders, under pain of arrest. But the chief also advises the loving ones to stick to the park benches for their spooning. Instead of searching out the real dark spots, as the benches are secluded enough for loving and the chance of disturbance is less in the open than in the secluded spots, the chief opines.

Wilkerson, caused him to be taken from a passenger train and treated to a coat of tar and feathers. He was then committed to jail.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD IN 1918

Practically a Daily at the Price of a Weekly. No Other Newspaper in the World Gives so Much at so Low a Price.

The value and need of a newspaper in the household was never greater than at the present time. We have been forced to enter the great world war, and a large army of ours is already in France. You will want to have all the news from our troops on European battlefields, and 1918 promises to be the most momentous year in the history of our universe.

No other newspaper at so small a price will furnish such prompt and accurate news of these world-shaking events. It is not necessary to say more.

The Thrice-a-Week World's regular subscription price is only \$1.65 per year, and this pays for 155 papers. We offer this unequalled newspaper and The Daily Star together for one year for \$1.50.

The regular subscription price of the two papers is \$3.00.

GRAIN SUPPLY IN AMERICA.

The United States department of agriculture, in a food survey of the date of June 1, of the present year, says that the commercial stock of wheat reported by dealers was 17,063,457 bushels, which is about 33 per cent of the stock reported by the same firms last year. These figures do not include dealers not reporting, which is about two-fifths of the whole, nor do they embrace the stocks held on farms, for which no data is available. The figures at hand, however, show that the wheat stock in the country is greatly depleted and that there is excellent reason for the requirements of wheatless days made by the government.

As a brighter prospect, it may be noted that the commercial stocks of other cereals on June 1 were as follows: Corn, 32,634,221 bushels; oats, 42,943,619 bushels; barley, 8,238,164 bushels; and rye, 3,178,165 bushels. These stocks represent the following percentages of the corresponding stocks on June 1, 1917: Corn, 149.5 per cent; oats, 90.6 per cent; barley, 121.7 per cent; and rye, 298.3 per cent.

The commercial stocks of flour and meal as reported in the survey were: Wheat flour, white, 4,423,515 barrels, whole wheat and Graham flour, 152,966,000 barrels; rye flour, 1,905,691 barrels; rye meal, 3,612,563 pounds; barley flour, 1,032,210 barrels; barley meal, 1,266,947 pounds; corn flour, 49,701,212 pounds; granulated corn meal, 77,664,450 pounds; other corn meal, 42,238,153 pounds; and buckwheat flour, 3,101,959 pounds. These stocks represent the following percentages of the stocks on hand a year ago: Wheat flour, white, 64.6 per cent; whole wheat and Graham flour, 141.7 per cent; rye flour, 119.9 per cent; rye meal, 376.1 per cent; barley meal, 371.9 per cent; granulated corn meal, 220.9 per cent; other corn meal, 227.9 per cent; and buckwheat flour, 95.5 per cent. The stocks of corn flour and barley flour on hand June 1, 1917, were so small as to make unnecessary any comparison between them and the present stocks on a per centage basis. The stocks of corn flour on June 1 this year show an increase over the holdings reported a month earlier, being 49,701,212 pounds as against 24,396,926 pounds.

The following commodities were reported by wholesale grocers, with the results indicated: Beans, 5,770,709 bushels; rice, 61,584,539 pounds; rolled oats, 50,057,798 pounds; canned salmon, 78,615,960 pounds; canned tomatoes, 95,571,689 pounds; canned corn, 47,399,225 pounds; and sugar, 237,131,696 pounds. The stocks of beans, rolled oats, canned salmon and canned tomatoes showed a substantial increase, the present stocks representing the following percentages of those on hand a year ago: Beans, 184.6 per cent; rolled oats, 137.5 per cent; canned salmon, 119.2 per cent; and canned tomatoes, 112.1 per cent. The stocks of sugar, rice and canned corn on the other hand were from 11 to 21 per cent smaller than those of last year. Returns from wholesale grocers reporting holdings of condensed milk on June 1, 1918, indicated that the stocks of condensed milk, amounting to 29,875,502 pounds, were 11.7 per cent larger than those last year and that the stocks of evaporated milk, amounting to 73,243,924 pounds, were 177.1, 20.6 per cent larger than on the corresponding date a year ago.

From the above statement it is evident that there is plenty of cereal food in the country, and that there should be no trouble in obtaining plenty of food. It is only in wheat that we are asked to conserve, and this every loyal and patriotic citizen of the United States will doubtless do.

OUTLOOK FOR HAY CROP.

Unfavorable Weather of June Reduces Large Earlier Estimates.

Early the past spring it was believed that, in the upper Susquehanna valley, at least, the hay crop for the year 1918 would equal that of the previous season. There was good reason for this belief, so fine was the early growth in the meadows, and in fact until the middle of June it was a conceded fact. The cold weather of June, however, materially changed the crop conditions, and while some of the low meadows were so far advanced that little harm resulted, the uplands failed to keep the early promise. In fact, for about two weeks of June there was little growth to be noted.

As a result, it is the opinion of prominent farmers who have been consulted, that the hay crop of this year will probably be only about 75 per cent of that of a year ago. Some farmers give a slightly better figure, but others give even less, so that the above estimate is probably about right; and it should be an incentive to the harvesting of all the hay possible, since there will doubtless be market for the surplus at a good figure.

While the above is probably a fair estimate as conditions are today, it is to be noted that the warmer rains of the past few days have had a most beneficial effect on late meadows, and for this reason the uplands may give a better showing than has been anticipated.

THE WOMEN VOTERS OF OTSEGO

THEIR TOTAL ENROLLMENT FOR SEPTEMBER PRIMARIES IS 4,816.

2,808 Enroll as Republicans, 1,293 as Democrats—Largest Proportionate Enrollment in Otsego.

The Election commissioners of Otsego have completed the enrollment list of women voters for the county and printed copies will at an early date be available. The list shows that the total enrollment of women for the September primaries is 4,816, of whom 2,808 are listed as Republicans, 1,293 as Democrats, 11 as Socialists and 674 as Prohibitionists, with 11 void and 19 blank. Apparently the largest proportionate registration was in the village of Cooperstown. There are six districts in the county where the Democratic enrollment exceeded the Republican, and one district, the post of Springfield, where the Prohibition enrollment was greater than the Republican, and 14 districts where it was greater than the Democratic. The greatest surprise in the list is in the first district of Burlington, where there were only three names reported altogether—1 Democratic and one Prohibitionist. The following table gives the complete figures by districts, for the three leading parties.

COMMENTS OF THE PRESS

The Unwritten Law.

After all, a summer home in Maine has its advantages, a sheriff of that state having just ruled that custom takes precedence over the state's prohibition statute, an angler being entitled to take two quarts of whiskey into the woods with him.—[Savannah News.]

The Air of Home.

One of the American boys in Pershing's army writes home that he has survived six gas attacks. His marvelous endurance may be accounted for by the fact that he hails from Lincoln, Neb., the home of the Fearless One.—[Knox, Gate City.]

Wilson at the Crank.

Natural enough that the President had to take a hand in that Michigan Senatorial situation. Nobody could expect a Ford to be a self-starter.—[Cincinnati News and Courier.]

The Unpardonable Sin.

Along with the no-wheat regulation there should be a law against setting cold corn bread, the penalty for violating which should be death by electrocution, hanging, poison gas, and dum-dum bullets.—[Daily Okla. human.]

The Lady of Riga.

"We wish for the German people, and our allies," says Dr. von Kuehnemann, "a free, strong, independent existence within the European framework as by history." That seems to put "our allies" in the position of the young lady of Riga who rode on the back of a tiger.—[Springfield Republican.]

France and America.

They are proposing a meatless week in France during which time only horse-drawn may be eaten. And there

are a bunch of mutts in this country who think they are carrying the entire burden of the war when they eat about half of a corn dodger in a whole week.—[Carbondale Leader.]

If Job Were Alive.

Would that Job were alive! We would have to have him add to his discourse on the futility of attempting to draw out Leviathan with a hook, a perversion on the possibility of comprehending the Russian situation.—[New York Tribune.]

Will Preach at Ne-ah-wa Park.

The Women's Missionary society of the United Presbyterian church invite the members of the Junior Missionary society and their mothers to a picnic Wednesday, July 3, at Ne-ah-wa park. Members of the Women's Missionary society take usual picnic refreshments. Each person bring cup, fork and spoon. Meet at the church at 11 o'clock or go directly to the park.

an early date.

GOLF TOURNAMENT ON FOURTH

Country Club Holds Benefit for Red
Cross Independence Day.

On Thursday, Independence day,
the Oneonta Country club will hold a
handicap golf tournament for the
benefit of the local Red Cross chap-
ter. The entrance fee is \$1, and the
winners will receive Red Cross
medals.

In speaking of the event last night,
an officer of the club said: "I hope
that all members of the club, both
men and women, will be interested
enough in the success of the project
to attend on Thursday. We want the
Red Cross to secure a neat sum from
the tournament."

The green is now in its best condi-
tion and is in ideal shape for the
tournament. Weather permitting,
Thursday will no doubt see a large
crowd of members present to aid the
"greatest mother in the world."

FOURTH OF JULY OBSERVANCE

No Formal Celebration in Oneonta—
Many Near-by Towns Have Exer-
cises and Numerous Residents of
City Plan to Attend.

The city of Oneonta has no plans
for a general observance of Thursday
next as the day of national celebra-
tion. It is not that there is less than
ever of patriotism on the part of her
citizens, but rather a feeling that in
view of stirring exercises on Flag
day, and the fact that her citizens
have entered largely into the many
fields of war activities, it would not
be expedient to call upon them to en-
ter upon a general day of celebra-
tion. Business, however, will be
quite generally suspended in shops
and stores and many citizens will be
present at exercises in neighboring
communities.

At the Country club, however, there
will be a golf tournament for the
benefit of the Red Cross, more com-
plete account of which appears in an-
other column; and at Sherman lake
there will be special observance of
the day, with the Thomas F. Burke
company in "The Isle of Joy," and
other features of a pleasing and patri-
otic nature.

At Cooperstown there will be a ce-
lebration of unusual interest. There
will be a parade in which the fire de-
partment of the village and Company
C, including the Cooperstown troop
and the home company from One-
onta, will take part. There will be
a short speech by Governor Whitman,
and Supreme Court Justice Kellogg
of this city will deliver the principal
address.

At Richfield Springs there will be a
celebration, a principal feature of
which will be the dedication of the
park, which has been presented to
the village by T. R. Procter of Utica.
Governor Whitman will be present as
a guest of Hon. Allen Bloomfield and
will deliver the principal address of
the day.

On the Fourth also the annual
basket picnic and sale of the Otsego
County Holstein-Friesian club will be
held at Hartwick Seminary. The
Burlington Flats band will furnish
music and the sale of 50 head of fine
Holsteins will be a feature of the day.

At Cobleskill there will be a big
program with military and floral pa-
rade, four good horse races, a band
concert and in the evening a Grand
Military ball at the Commercial ho-
tel. It is probable that many from
this city will attend.

At Roxbury on the Fourth there
will be a celebration with a ball
game between the Roxbury and One-
onta teams and addresses by Rev. Dr.
Baragwanath of Kingston and Hon.
A. J. McNaught Jr. of Stamford. Mu-
sic will be furnished by the Stamford
band and there will be athletic con-
tests in the afternoon.

There will be no special observance
at Walton, but the big French War
exhibition will be on at the armory
all the week, beginning yesterday and
continuing until Saturday night. There
will be addresses by speakers of
prominence every evening.

Sidney also will celebrate, begin-
ning with parade and flag raising in
the morning, with an address by a
prominent speaker and in the after-
noon a ball game.

Franklin will have a war-time ce-
lebration, beginning with a patriotic
parade at 10 a. m., a Red Cross cater-
ing dinner at noon, the unfurling of
the Franklin service flag, presented
by Judge Raymond, at 1:30 p. m., a
ball game at 2 o'clock, a concert by
the Downsville band at 7:30 and a
minstrel show by Franklin artists at
8:30 o'clock. The entire proceeds of
the day go to the Franklin Red
Cross.

CHAUTAUQUA TICKETS READY.

In the Hands of Guarantors and Are
Meeting With Good Sale.

Tickets for the Redpath Chautau-
qua, which comes to Oneonta during
the week of July 22, are in the hands
of the guarantors and are meeting
with a ready sale, the patrons recog-
nizing the course as an excellent one
and the hope is expressed that the
sale will be reached before the open-
ing day.

While no definite announcement
can be made it is hoped that it can
be arranged so that the Chautauqua
tent will be pitched on the same
grounds as formerly. It is expected
that a definite announcement can be
made in the next few days.

The committee in charge has can-
vassed the city and there appears no
other grounds available as central
and conveniently located as the
Church street lot. The program has
been announced and is most inviting.

Tickets, which are being sold not
including the war tax at the former
price, may be secured of the guar-
antors and at the following business
places: R. W. Murdock's Shoe store,
Bookstore of Henry Saunders, Wilber
National and Citizens National banks,
or the stores of Lavern Palmer, A. R.
Benedict, Judge's store, Oneonta De-
partment store, Inc., Larren & Rowe,
Oneonta Press, R. E. Brigham, Brown

Hurd's Boot shop and Arthur M.
Burtis.

All members of Chapman division,
No. 48, Order Railway conductors,
are earnestly requested to attend the
funeral of our late brother, Alex.
Bell, Tuesday at 2 p. m. at the resi-
dence, 39 Grand street. Secretary.

FRENCH WAR EXHIBIT

On Exhibit in Walton Armory All This
Week With Attractive List of
Speakers Announced for Several
Evenings.

Commencing yesterday and contin-
uing all the week the elaborate dis-
play of war relics known as the
French War Exhibit will be display-
ed at the Walton armory. Elsewhere
in this issue is given a partial list of
the exhibits, all of which have seen
service in France and those who fail-
ed to inspect this showing when it
was at Delhi should embrace the op-
portunity now. There will be mov-
ing pictures of a high class each even-
ing. The admission prices are as
follows: Afternoons, 35 cents; even-
ings 50 cents; children under 14, 25
cents.

Hon. William H. Edwards of New
York city, better known as "Big Bill"
Edwards, former street commissioner
of New York, and at present inter-
national revenue collector for that dis-
trict, has been secured as speaker for
Tuesday evening. Mr. Edwards is a
very busy man, with only a few open
speaking dates.

Wednesday evening will bring Jeff
Davis, king of the hoboes, who found-
ed the Hotel De Gink for the unem-
ployed in New York city three or four
years ago. During the summer of
1917 Jeff Davis was in Germany be-
hind the lines. He landed in France
and during a battle, in the midst of
flying shrapnel and barbed wire,
made his way through the lines. He
saw many who knew him. He was
at Ypres twenty-five days.

Major Harry Walker of Bingham-
ton will be the speaker Saturday
night. Thursday evening there will
be no speaker, but a dance instead.

The speaker for Friday evening will
be Hon. Joseph Lawson of Albany.
Ice cream, sandwiches and coffee
will be on sale in the basement at all
hours. The Boy Scouts will be on
hand to explain the various items of
the exhibits to visitors.

There will be dancing the evening
of Thursday, the Fourth. The exhibit
will be open from 1 to 4 and from 7
to 11. The entire proceeds go to the
Walton chapter of the American Red
Cross.

WAR SAVINGS STAMPS IN JUNE

Large Increase of Sales Reported
Over Preceding Two Months.

The report of the sale of War Sav-
ings Stamps at the Oneonta post office
for the month of June indicates a
material growth over the previous
month. While May was the largest
month yet recorded, amounting to
\$9,548, June's sale reaches the total
of \$12,500. It is a fact that many
who pledged, Friday and Saturday,
to buy War Savings Stamps in June
unable to do so before the close of
business Saturday night.

As the result of the energy put into
the canvass, the July sales should
show a still greater growth over June,
and will probably reach at least \$15-
000.

The solicitors are completing the
canvass in the city and every day the
number of pledges shows a large
growth.

This county will have the credit
pledging the sale of a large number
of War Savings Stamps and should
occupy a prominent place in the final
adjustment of quotas.

Plenty of Field Strawberries.

Probably not in years has there
been so abundant a crop of field
strawberries as that of the present
season. In many places the hill-sides
are almost literally red with them,
and reports are that an abundance of
this most delicious of berries is being
canned and preserved. A single
stem of field strawberries brought in
to this office yesterday carried be-
sides several green ones, ten large
thoroughly ripe berries, and along
with the berries came the statement
that this was not an exceptional stem
of fruit, as found on the South Side
meadows.

Are You Wasting a Room in Your House or Apartment?

In these war-times you must conserve and wisely use all of
your resources. If you have a spare room in your home, rent
it to a desirable tenant—and make the income from it count
as one of your resources.

A spare room, rented, is an asset. Unused, it is a liability.
A trifling expenditure for classified advertising will solve the
problem for you—as well as for the man or woman who is
looking for just such a one-room home as you can offer.

and Newark, N. J. Mrs. Shearer will
be the guest for about four weeks of
her daughter, Mrs. E. E. Aplane, in
the latter city. Miss Shearer will
be absent for about ten days.

Friends of Miss Ada K. Smith of
the Normal Institute are gratified to
learn that the illness of Miss Smith is
not serious and that while she has
undergone a minor surgical opera-
tion at the Albany hospital it at no
time has been considered of a critical
character and she will doubtless re-
turn to Oneonta shortly.

F. S. Swartziger departed yester-
day afternoon for Albany, accom-
panying his little granddaughters,
Christina and Elizabeth Holmquist,
to that city, where they will be met
by their aunt, Miss Louise Holm-
quist and will accompany her to the

this city will leave tomorrow morning
for Boston, Mass., where and in the
vicinity they will spend the larger
part of a two weeks' vacation. Mr.
Taylor will attend the Shoe and
Leather fair in Boston next week and
will return here by way of New York
city. Their son, Devere, is spending
a week with friends in Worcester.

NEWSPAPERS IN PERIL

SCARCITY OF PRINT PAPER
SENDS PRICES STILL HIGHER.

Government by Increasing the Postage
Charges with an Additional Burden
Upon That Portion Devoted to Ad-
vertising, Places Further Barriers.

While many newspaper publishers
met the increased cost of print paper
and all other things which entered
into the production of newspapers by
increasing both the price of subscrip-
tions and of advertising, they are just
now facing a further increase in the
cost of paper. It is reported to im-
port the extra—foreign papers ex-
cept those in the case centers where
large advertising rates are received
and where the cost of paper reaches
into the tens of thousands and even
more daily.

The Star, before the war, bought
paper for \$3.50 and \$3.90 per hun-
dred pounds and when it reached
\$4.10 and \$4.25 it seemed burden-
some. Despite the fact that the fed-
eral commission has fixed the price
at \$4.10, only the large papers can
secure it for that price and the small-
er papers are compelled to pay \$4.25
and even more. The American News-
paper Publishers' association, through
their print paper experts, is warning
that \$4 or \$4.25 may not be reached
if the war continues.

Not only this, but the main fac-
tors of print paper are warning that
the material of which the print paper
is made is scarce and that it will be
scarcer, so that it may become im-
possible for them to supply their
customers desire, in which case they
will be able to supply only a part,
dividing it pro rata among their sub-
scribers. Newspapers are being urged
that they must cut down their con-
sumption and give less advertising
and reading matter also to save pa-
per. Trade papers are urging this in
nearly every issue.

Still further complicating the situ-
ation, the government has increased
the postal rates for mailing papers
with a second increase upon that por-
tion devoted to advertising, so that
largely increased expenses for that
service is imposed upon the publish-
ers. The situation is acute for all
publishers and those who have en-
deavored to meet the condition and
avoid an increase in rates must either
advance both subscription and adver-
tising rates or go out of business.

Some papers have already ad-
vanced their subscription rates to 15 cents
a week and unless conditions soon
change for the better others will be
compelled to follow. Even at that
price the daily newspaper would be
about the cheapest commodity one
buys in proportion to its cost and the
value to the customer. It would even
then be cheaper than the movie, the
ice cream soda or the cigar, which
are being bought almost as extensively
as formerly.

DEATHS.

Mrs. Fred Turner.
South Kortright, July 1.—Mrs.
Fred Turner of this place died of
tuberculosis in a New York hospital
Sunday. The body was brought
home this evening and the funeral
will be held at the United Presby-
terian church here Wednesday after-
noon at 2 o'clock.

Mrs. Turner was born in Dan-
port July 15, 1844, the daughter of
Mr. and Mrs. James Craig and was
married to Fred Turner of West
Kortright in December, 1866. Sur-
viving her are her husband and two
children, Donald and Ida Frances,
her parents, and four sisters, Mrs.
Perry Burdick, Oneonta, Mrs. Ad-
elaide Marks, Schenectady, Mrs. Carl
Willey, Binghamton, Dorothy Craig
South Kortright.

Deceased was a kindly woman,
well-known here and, and her de-
mise is sincerely regretted. Much
sympathy is felt for the bereaved
relatives.

Card of Thanks.

We wish, through the columns of
The Star, to express our gratitude to
the neighbors and friends for their
sympathy and kindness to us in our
bereavement, in the loss of our dear
mother, and for the beautiful floral
offerings from the Methodist Episco-
pal church and friends; also to those
who kindly donated their cars.
